

**Bite Me Breads & Cookies** was founded by Rebecca Cunningham, who loves to bake and experiment with new recipes. All of the recipes that she uses are the product of her imagination, months of hard work, and countless taste-tests. The result is moist, delightful baked goods, all made from scratch with fresh ingredients.

Although Rebecca has enjoyed cooking from a young age, she first started baking when her daughter was four years old. She wanted to feed her daughter only the best foods; unfortunately, the best foods do not always come pre-packaged from the store. So she decided to really learn how to cook. Throughout the years, her skills in the kitchen improved dramatically, along with the flavor of her food.

After 21 years, Rebecca's daughter grew up, but Rebecca continued to bake for her friends and family. She enjoys giving away her baked goods, and she constantly receives compliments on her mini loaves with real fruit and her unique, square-shaped cookies. Because of the overwhelming popularity of her baked goods, she decided to start **Bite Me Breads & Cookies**.

Please feel free to browse our products for the perfect gift for family members, friends, and loved ones. And why not treat yourself while you're here? Whatever you choose, the baked delights at **Bite Me Breads & Cookies** are sure to become a new household favorite.

All of our breads are made with real fruit and may occasionally contain seeds or seed fragments. All of our products are made in a facility that also processes peanuts.
